KEY FACTS, AT A GLANCE

RATING

Moderate. The constraints are the 92nd Chicago Thanksgiving Parade on State Street and the Life Time Turkey Trot on the north lakefront on Thursday 26, the parade set-up reroutes on State Street from 09:00 Wednesday 25, United Center events on six of the seven days, the Christkindlmarket bus reroutes around Daley Plaza on Saturday 28 and Sunday 29, and a forecast of rain from Wednesday night through Thanksgiving.[1, 2, 3, 4, 5, 6, 7, 8, 9] On Thursday 26 each closure has a defined end: the 34th Ward lists State Street closed from Roosevelt Road to Wacker Drive for the parade, with rolling closures from 04:00 to 14:00 CST, and a City permit closes the Fullerton Parkway ramps of DuSable Lake Shore Drive and roads in Lincoln Park for the Turkey Trot, with CTA reroutes from 06:00 to 15:00 CST.[3, 4, 2, 5]

WORST WINDOW

Thursday 26, 04:00–15:00 CST, State Street and the north lakefront. The parade steps off from Ida B. AIR TRAVEL

No ground stop, ground delay program or closure at O'Hare or Midway in the FAA airport-status file at its 03:40 CST update on Monday 23.[13] No temporary flight restriction is listed for Illinois specifically in the FAA list (12 of its 44 entries carry the state "USA" and are nationwide), and neither VIP restriction is in Illinois.[14] The FAA order limiting scheduled operations at O'Hare during airfield construction has been in force since 25 October and runs to 30 October 2027.[15] AAA expects about 81.5 million people nationally to travel at least 50 miles from home from Tuesday 24 to Monday 30 November, about 5.96 million of them on domestic flights.[16]

WEATHER

Highs 42 on Monday and Tuesday, 44 on Wednesday and Thursday, 46 on Friday and 48 on Saturday and Sunday; Monday night is forecast at 30, which the forecaster expects to be the coldest night of the season so far.[9, 17] Rain is likely on Wednesday night, at 55 percent, and on Thanksgiving, at 78 percent, tapering by Friday noon; the forecaster gives "the potential for mixed precipitation Wednesday night into Thanksgiving" and calls accumulating snow "the less likely scenario".[9, 17] No NWS watch, warning or advisory at the Loop forecast point at 03:35 CST on Monday 23.[18]

CPD ALERTS

23 pattern alerts published in 30 days, 24 October to 22 November; none had been published on Monday 23 when the feed was read at 03:35 CST, and 2 were published after the previous edition's list. Section 05 lists each as its feed title reads.[19]

01 Districts and what lands in them

MAP

The layers show full street closures from City permits and the located venues, gatherings and works listed in sections 03, 04 and 06. The Closures column counts distinct full-closure permits with a row in the district at any point from Monday 23 to Sunday 29; most are utility and construction openings in the public way.[25], [26]

Selecting a district lists the 522 permits holding a full street closure active 23 to 29 November 2026 and every venue, festival, gathering and closure item located in this edition that lands in it. Verified venues sit at their own checked position, addresses at the US Census point, Navy Pier on the address grid (approximate), and permitted events and closures on the coordinates their permit rows carry.

8 DOMAINS

Ratings score constraint on movement, not danger.

DOMAIN	RATING	WHY
Overall travel	MODERATE	The constraints are the Thanksgiving Parade on State Street and three Thanksgiving morning races, including the closure of the Fullerton Parkway ramps of DuSable Lake Shore Drive and roads in Lincoln Park, on Thursday 26; the parade set-up reroutes from 09:00 Wednesday 25; six United Center events; the Beverly Hills Turkey Trot and the Christkindlmarket reroutes on Saturday 28; and rain from Wednesday night through Thanksgiving.[1, 2, 3, 4, 5, 6, 7, 8, 27, 9] Rule: each is a predictable slow-down on a known day with a printed detour, a substitute route or a defined end; on Thursday 26 the ward's list ends at 14:00 and the CTA race reroutes at 15:00 CST.
Street closures	MODERATE	522 distinct full-closure permits touch the window; 509 are active on Monday 23, falling to 434 on Sunday 29. Special-event full-closure permits active each day number 2, 2, 2, 4, 2, 5 and 2 from Monday to Sunday, counting the Christkindlmarket and Victory & Vice season permits on every day and, on Saturday, a record this edition does not treat as an event.[25, 3] Through routes closed include southbound State Street from Wacker Drive to Randolph Street and Lake Street from Dearborn Street to Wabash Avenue to 31 December, S LaSalle Street from Ida B. Wells Drive to Van Buren Street to 31 December, Halsted Street and Chicago Avenue at the river, Sacramento Boulevard and Keeler Avenue over I-290, and, on Thursday 26, Fullerton Parkway from Stockton Drive to DuSable Lake Shore Drive, with the Drive's Fullerton ramps, and N Northwest Highway in Edison Park.[25, 3] Rule: closures with a printed date range are Moderate.
Stadium and arena load	MODERATE	The United Center hosts six events: the Bulls on Monday 23 and Saturday 28, with tip-off not stated; John Summit on Tuesday 24 and Wednesday 25 at 19:00; and the Blackhawks on Friday 27 at 16:30 and Sunday 29 at 13:00 CST.[8, 7, 6] Its seating capacity is 20,917 for basketball, 19,717 for hockey and 23,500 for concerts.[28] DePaul women play Bucknell at Wintrust Arena, capacity 10,387, on Sunday 29 at 14:00 CST (single source), and RSNA 2026 opens at McCormick Place the same day.[29, 30, 31, 32] Soldier Field holds no event; the Bears play at Detroit on Thursday 26.[21, 11] Rule: arena egress is a predictable slow-down on a known evening or afternoon.

DOMAIN	RATING	WHY
Air travel	MODERATE	Neither O'Hare nor Midway appears in any ground stop, ground delay program or closure list in the FAA file at 03:40 CST on Monday 23.[13] 44 temporary flight restrictions are listed, none for Illinois specifically; the 2 VIP restrictions are in Florida and Texas, and the one Chicago Center entry is a hazards restriction at Middletown, Iowa.[14, 33] The FAA's limit on scheduled operations at O'Hare has applied since 25 October; AAA expects about 5.96 million domestic air travellers nationally from Tuesday 24 to Monday 30.[15, 16] Rule: a standing limit on scheduled operations with a printed end date, during a national holiday travel peak, is Moderate.
Ground transport	MODERATE	53 CTA alerts overlap the window, 27 of them planned reroutes, and none is flagged a major alert; 12 begin inside the window.[5] Eight routes leave State Street between Randolph and Washington for parade set-up from 09:00 Wednesday to 05:00 Thursday, southbound #2, #10, #29, #N29, #36, #62, #N62 and #146 via Clark and Washington and northbound #2, #10, #29, #N29 and #146 via Madison, Dearborn and Wacker (#146 via Washington and Michigan); #151, #76 and #68 reroute for Thursday's races; five routes reroute around Daley Plaza from 08:00 Saturday to 22:00 Sunday; Blue Line trains single-track between Jefferson Park and Harlem on Monday and Tuesday nights; and elevators are out of service at Chicago (Brown and Purple), Austin (Green), Washington/Wabash (Brown and Green) and Paulina (Brown).[5] CTA rail runs a Sunday schedule on Thanksgiving, and Pace runs Sunday schedules on its listed routes.[34, 35] Rule: reduced service with substitutes is Moderate.
CPD alerts	LOW	23 pattern alerts were published from 24 October to 22 November; section 05 lists each as its feed title reads.[19] Rule: an alert describes past incidents and imposes no scheduled constraint on movement. Alert volume measures how often the Department publishes a notice.
Weather	LOW	Highs of 42 to 48 all week. Rain is likely from Wednesday evening, at 55 percent overnight, and on Thanksgiving, at 78 percent, tapering to a slight chance before noon on Friday; the forecaster gives the potential for mixed precipitation over the same period.[9, 17] No NWS watch, warning or advisory is in effect at the Loop forecast point.[18] Rule: forecast rain is not a scheduled constraint; its effect falls on the Thursday 26 rating, which is set by the closures.

DOMAIN	RATING	WHY
Planned gatherings	MODERATE	The 92nd Chicago Thanksgiving Parade runs on State Street on Thursday 26 from 08:00 to 10:00 CST; a City special-event permit of type Parade for 26 November at 609 S State Street, issued on 18 November, records no street closure, and the closure list is the 34th Ward's.[1, 36, 2] Three races run on Thursday 26 and one on Saturday 28 under City permits, and one Black Friday protest is listed at Water Tower Park at 12:00 CST on Friday 27 (single source).[3, 10, 27, 37] Rule: gatherings with printed start times on fixed routes are predictable slow-downs.

Thursday 26 is the day that most constrains movement this week. The parade holds State Street through the morning under the 34th Ward's rolling closures from 04:00 to 14:00, the Turkey Trot closes the Fullerton Parkway ramps of DuSable Lake Shore Drive and roads in Lincoln Park, with #151 and #76 buses rerouted from 06:00 to 15:00, and rain is forecast through the day; the Bears play away, so no stadium release adds to it.[2, 1, 3, 5, 12, 11]

Published times are from the Department's news feed, converted to Chicago time. Series, unit or district, pattern and reference are as the feed title prints them; where the title names a unit rather than a district, the unit is shown. An alert stays listed until CPD removes it, so a listing does not mean an incident is ongoing.[19]

How many CPD alerts are open?

23 pattern alerts were published by the Chicago Police Department from 24 October to 22 November 2026, and none had been published on Monday 23 November 2026 when the feed was read at 03:35 CST. Two were published on 20 November 2026: a Public Transportation Section battery alert and an update to an 11th District battery alert. By feed title, 21 of the 23 are Community Alerts and 2 are Business Alerts, and Armed Robberies, Battery and Aggravated Battery each appear as the pattern title of 3 alerts. Alert counts measure how often the Department publishes a notice, not how much crime occurred.

What is the forecast?

Seasonably cold, with rain from Wednesday night, 25 November 2026, through Thanksgiving, then drier. Highs run 42 on Monday 23 and Tuesday 24, 44 on Wednesday 25 and Thursday 26, 46 on Friday 27 and 48 on Saturday 28 and Sunday 29 November 2026, with a low of 30 on Monday night, which the forecaster calls likely the coldest night of the season so far. Rain is likely at 55 percent on Wednesday night and at 78 percent on Thanksgiving, with the potential for mixed precipitation, and falls to a slight chance before noon on Friday 27 November 2026. No NWS watch, warning or advisory was in effect at the Loop forecast point at 03:35 CST on Monday 23 November 2026.

11 Ratings and color coding

HOW TO READ THE SHADING

Each rating scores how much something **constrains movement** across the period. None of them scores danger, and none of them scores a place.

LOW

No scheduled constraint. Normal routes, nothing on the calendar that changes them.

MODERATE

A predictable window will slow movement, and it has a defined end: stadium egress, a festival footprint, a holiday return build.

Powered by ElevenAgents

HIGH

A route or a capacity is **removed** rather than reduced, and there is no equivalent substitute.

DISCLAIMER ON THE RATINGS

The ratings are **TB Defense's own editorial judgement**, not an official designation and not a statistical model. They describe conditions as of publication and go stale. A Low rating is not an assurance of safety and a High rating is not a prediction of harm. Ratings apply to **movement across the region**, never to a neighborhood, a community or a group of people.

DISCLAIMER AND PUBLISHING SCHEDULE

The Week Ahead publishes every Monday at 06:00 and covers the following seven days, except when Monday is a federal holiday, in which case it publishes Tuesday and covers a shorter window. The Weekend Brief publishes every Friday at 06:00 and covers Friday through the following Tuesday. Both cover the Chicago metropolitan region. TB Defense, 1021 W. Adams St., Suite 200-37, Chicago, IL 60607.

Sources. Everything here comes from open, publicly available sources. Agencies revise forecasts, venues change start times, listings disagree, permit records show filings rather than street conditions, and police alerts describe preliminary information. TB Defense publishes what the record says at the time of writing and corrects the web edition when it changes.

People named in this brief. Public officials are named in their official capacity where a source has quoted or attributed a statement to them. People involved in pending matters, and victims of reported incidents, are described by role and not by name, even where a news source has published the name. Reports of investigations describe allegations only, and every person in a pending matter is presumed innocent.

Chicago Police Department material. CPD alerts summarized here come from the Department's public news feed. TB Defense is not affiliated with, endorsed by, or acting on behalf of the Chicago Police Department, and nothing in this brief is a CPD statement or official law enforcement guidance. Anyone with information about a reported incident should contact CPD directly, not TB Defense.

Scope and limits. This brief reports publicly available information reviewed near publication time. Events, closures, demonstrations, law enforcement activity, weather, infrastructure and aviation conditions change without notice. The absence of a reported threat, demonstration, incident or closure here does not confirm the absence of risk. This publication is informational. It is not security advice, not a recommendation for any organization or circumstance, and not a substitute for checking conditions immediately before movement. It creates no undertaking by TB Defense to detect, predict or warn of any event.

Not advice about people or places. Nothing here rates a neighborhood, a community or an individual.
